

CONSTRUCTION SITE INDUCTION MANIFEST

on

Refers to floor laying works on the base, or on the underlay:

1. prepared by the Investor*
2. constructed by the parquet fitter*

1. Investor
/first name, surname, address/

2. Site description floor No.
/one-storey building, block of flats, tenement/

3. Room(s)

4. Floor type
/manufacturer, wood variety, class, dimensions/

Description of base or underlay prepared for fitting wooden flooring:

Type of base/underlay and date of construction

.....
/define the type, such as: concrete, OSB boards, old base and the anti-damp insulation employed /

b/ base/underlay evenness.....
/measurement per 2 linear meters/

c/ base/underlay humidity (number of samples and results).....

.....
/name of device used for measurements/

d/ air humidity in %.....
/recommended relative air humidity: 45-65% /

e/ air temperature.....

.....
/temperature appropriate for fitting: 18-22°C/

f/ installation method (sticking to the base/underlay or fixing with screws or nails)*.....

1. has the base/underlay been primed (12-24 hours prior to sticking) ?.....

2. name of primer used

3. name of the adhesive used (dispersing adhesives are forbidden).....

4. resistance of the base/underlay to detachment (min. 1.5Mpa).....

g/ base/underlay temperature - in case of installing the floor on the underfloor heating system.....

1. base moisture levels(max .1.5%)

2. type of heating system (electric, water, etc).....

3. has the Base Heating Report been issued (Yes/No)

Assessment of the base/underlay which the floor is to be installed on.....

/new/old, contaminated with an adhesive, paint, others?/

Date and moisture content (in %) of the flooring, after its being delivered to the construction site

Remarks: (e. g. denial of installation due to failure of fulfilling the conditions for installation of wooden floors): eg installation declined conditions required for installation not met)

The Investor declares that the base/underlay for the wooden flooring in those areas/rooms where the installation was ordered was prepared in compliance with the standards required for bases/underlays for parquets and other types of wooden floors laying.

The manufacturer shall be held free of responsibility for defects which could result from standards in force for bases/underlays under parquet and other wooden floors.

The present Manifest shall constitute the basis for claiming the warranty granted for the performed installation service.
